

Comfort Aire® offers a full line of quality constructed, energy efficient products to keep your family comfortable throughout the year. All products feature a strong warranty. These units will provide a comfortable environment for you and your family for years to come. Please take a look inside for a brief description of the Energy Knight® line of central air conditioning, then consult with your builder or local dealer for recommendations on which of these models will best suit your needs and lifestyle.

Comfort-Aire®
CENTRAL AIR CONDITIONING

And for the very best in warmth and comfort this winter, ask about these Comfort Aire® heating systems:

HEAT CONTROLLER, INC.

1900 WELLWORTH AVENUE • JACKSON, MICHIGAN 49203
THE QUALITY LEADER IN CONDITIONING AIR

cooler, quieter, cleaner living from **ENERGY KNIGHT**

The Energy Knight® line of efficient central air conditioning from Comfort Aire® features the newest advances in technology to provide a comfortable environment. The EnergyKnight® provides S.E.E.R. (Seasonal Energy Efficiency Ratings) levels ranging from 10.0 to 12.0. The higher the number, the less you pay in operating costs—saving money while increasing your comfort.

In addition to the enjoyment of cooler, quieter, cleaner living all summer long, nothing adds value to your home like central air conditioning. And Energy Knight® air conditioning from Comfort Aire® is one of the most reliable systems you can buy.

Comfort Aire® has been in the business of home comfort since 1918. Every air conditioner is designed with your comfort in mind. The finest materials and computerized design assures long lasting performance and reliability.

Energy Knight® is inexpensive to install too. If you have a forced warm air furnace, use your existing ductwork to move the cool air through your home. Regardless of what kind of heating system you have, or what kind of fuel you use, your Comfort Aire® dealer has the right air conditioning system for your home. So, invest in your summer comfort. Invest in your home. Call your Comfort Aire® dealer today.

RSD1260-1Z	56,500	12.00

QUICK AND EASY INSTALLATIONS SAVES TIME AND MONEY

Adaptable components make installation quick and easy. A qualified contractor can install the Energy Knight System in most forced air furnaces, equipped for air conditioning, in one day or less. (Some blower modifications may be required in forced air systems not ready to accommodate air conditioning loads.)

Your dealer has special work sheets and manuals to help you select a system with just the right capacity to cool and dehumidify your home.

SIX-YEAR LIMITED WARRANTY PROTECTION

6 years on all parts • 12 years on 10 and 12 S.E.E.R. compressors.

To complete your year round comfort system, replace your gas or oil furnace with a Century® Home Heating System. Ask your dealer to show you how much you can save on your heating bill.
